Botox® / Dysport® is used to treat wrinkles and dynamic facial lines. The procedure may require a touch-up to achieve your desired results. I have received a consultation regarding the risks, benefits, and alternatives to BOTOX treatment, and I consent to having Botox® treatment. I have been informed about the treatment, procedure, indications, expected results and possible side effects.

Side effects of Botox® / Dysport® may include, but are not limited to the following:

- Swelling
- Pain
- Headache
- Redness, bruising
- Eyelid or eyebrow drooping
- Failure to achieve your desired results
